Subject: Colombia Falls Aluminum Smelter - Congressional Correspondence
Attachments: 2013-03-05 Baucus tester CFAC letter to EPA.pdf; Tester Draft Letter start of site assessment v3.docx
Importance: High

Attached is the draft response to Senators Baucus and Tester regarding performing Superfund assessment work at the Columbia Falls Aluminum Smelter. While I have attached one letter, each Senator will receive the response. Please provide me your comments by noon of 3/20.

For your reference, I have attached the letter EPA received from the Senators.

Victor Ketellapper, Team Leader
Superfund Site Assessment Program
